Sport Aberdeen is committed to the principle of equal opportunities and equal treatment for all employees, regardless of age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership, pregnancy and maternity or any other non job related factor.

Sport Aberdeen is therefore confident that its gender pay gap does not stem from paying men and women differently for the same or equivalent work. Rather its gender pay gap is the result of the roles in which men and women work within the organisation and the salaries associated to those roles.
